

CARL IS SALOME MAD; CAN'T RESIST DANCING

CIRCLES AROUND BEFORE DOCTOR UNTIL HE HAS HER SENT TO HOSPITAL.

New York.—Dr. A. W. Newfield sat reading in his study in his apartment on West One Hundred and Forty-first street. His wife, his daughter and the latter's husband had gone to a theater. Soon the doctor dozed, he doesn't know how long, but suddenly he was awakened by a low, wailing cry right in the room. The doctor looked up with a jerk, adjusted his glasses on his nose and then fell back limp in his chair.

In front of him, swaying and pirouetting, with her hands chasing each other in snakelike fashion, stood his housemaid, Margaret Kelly, with her

"I'm Salome," Chanted Margaret, Twirling on One Toe.

hair in a braid and doing a Salome dance, appropriately clad.

"Bless my soul!" exclaimed the doctor when he got his breath. "What does this extraordinary conduct mean, young woman?"

But Margaret answered not. She just kept on dancing, sliding her arms sinuously about, gliding the queer, wailing tune, with her eyes fixed on the doctor's as if to her he represented John the Baptist. Around his chair she circled slowly and the doctor's uneasiness grew every second.

"Go 'way!" he cried. "Are you crazy? Suppose some one should come. Go 'way!"

"I'm Salome," chanted Margaret, twirling on one toe. "I saw Eva Tanguay do it at the — I don't care! I don't care!"

Then the doctor telephoned police headquarters, and when two policemen came they had their hands full with Margaret Kelly. She refused to put on any more clothes, and when Dr. Tompkins came he found the two policemen holding a blanket about her.

"Too much Eighth avenue whisky," the doctor said, and he bundled Margaret, still protesting that she was Salome, off to a hospital.

Mrs. Newfield engaged Margaret a few days ago from an employment agency. The girl is young and pretty and had excellent references. When she sent her trunk to the Newfield apartment it was so big that it had to be put in the attic.

"But it didn't hold much," Mrs. Newfield said. "One of the other servants saw her unpack it and told me that all it contained was a lot of fancy gauze stuff that must have been the Salome costume she was practicing in."

TERRIFIED BY WILD MAN.

Taunton Citizens, Fearing Mysterious Person, Appeal to Police.

Taunton, N. J.—A wild man is haunting the vicinity of Prospect Hill in the north end of the city, and scores of residents, frightened at his peculiar actions, have appealed to the police to investigate his case. Roaming about on the outskirts of the woods and often appearing near the edge of the roads, he has spread such a reign of terror in the locality that mothers will not let their children run about as before.

He was sighted on the summit of the hill, wildly waving his hands toward the sky and singing as if in prayer, but before anything could be done to effect his capture he disappeared. Other reports say that he has been seen running like a hunted deer through the underbrush and tearing down bushes and small shrubbery in what appears to be a maniacal desire to destroy.

He is described as very poorly dressed and his unshaven face and unkempt hair give him every appearance of a wild man. Residents of the neighborhood are planning a concerted action to effect his capture the next time he makes his appearance upon the summit of the hill. Some believe that he may have escaped from the insane hospital which is located nearby.

Women have so much to go through in life that it's a pity there is so much suffering from backache and other common curable kidney ills. If you suffer so, profit by this woman's example: Mrs. Martin Douglass, 52 Cedar St., Kingston, N. Y., says: "I had a lame, aching back, dizzy spells, headaches, and a feeling of languor. Part of the time I could not attend to my work and irregularity of the kidney secretions was annoying. Doan's Kidney Pills brought me prompt relief." Sold by all dealers. 50c a box. SKIN ERUPTION CURED.

Was So Sore, Irritating and Painful That Little Sufferer Could Not Sleep—Scratched Constantly.

Cuticura's Efficacy Clearly Proven.

"When about two and a half years old my daughter broke out on her hips and the upper parts of her legs with a very irritating and painful eruption. It began in October; the first I noticed was a little red surface and a constant desire on her part to scratch her limbs. She could not sleep and the eruptions got sore, and yellow water came out of them. I had two doctors treat her, but she grew worse under their treatment. Then I bought the Cuticura Remedies and only used them two weeks when she was entirely well. This was in February. She has never had another rough place on her skin, and she is now fourteen years old. Mrs. R. R. Whitaker, Winchester, Tenn., Sept. 22, 1908."

Anger Shrinks Vitality.

Dr. Maurice de Fleury, a distinguished Frenchman, advances the theory that every time one becomes angry his vitality shrinks. After even the most artfully suppressed signs of bad temper the vitality becomes smaller and smaller, until finally nothing is left. Anger is a certain kind of cerebral excitement, explains Dr. de Fleury. The hypersthenic subject is always on its verge, while the neurasthenic becomes infuriated only by a sudden bound of reaction excited from without. But at that moment when they are let loose the two are alike, save that the strong man is a blinder brute, while the weak man is somewhat of an actor and seems to aim at effect.

RHEUMATISM PRESCRIPTION

The increased use of "Toris" for rheumatism is causing considerable discussion among the medical fraternity. It is an almost infallible cure when mixed with certain other ingredients and taken properly. The following formula is effective: "To one-half pint of good whiskey add one ounce of Toris Compound and one ounce of Syrup Sarsaparilla Compound. Take in tablespoonful doses before each meal and before retiring."

Toris compound is a product of the laboratories of the Globe Pharmaceutical Co., Chicago, but it as well as the other ingredients can be had from any good druggist.

Modern Buildings Inferior.

In modern buildings the cement and mortar are the weakest points; in the buildings which the Romans and Greeks raised thousands of years ago the cement and mortar are the strongest points, and hold good while the very stones they bind together crumble away with age. With all our science we can not make such cement and mortar, and, therefore, we can not construct such buildings as the ancients raised.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.
